Freedoms Foundation—And Us

We're proud! We're proud to have won the first George Washington Honor Medal Award of the Freedoms Foundation at Valley Forge.

The selection was made by the distinguished National and School Awards Jury for an Editorial reprinted below in this column.

The title is "Let Communists Speak — On Moscow Campuses".

Freedoms Foundation at Valley Forge honors each year with the George Washington Medal, those individuals, institutions and organizations that have promoted a better understanding of the American Way of Life through the things they have written, said, or done during the past year.

The recipient is selected, says the committee, from multi-thousands of nominations. The jury is composed of at least 30 individuals, one third of whom are chief and associate justices of state supreme courts. The remainder are elected officers of national patriotic, veterans, and service club organizations.

Honorary Chairman is General of the Army (ret.) Dwight D. Eisenhower.

Other officers include The Honorable Howard H. Calloway, The Honorable James A. Farley, General Bruce C. Clarke, The Honorable Don Belding, Dr. Kenneth Wells, president, and Frank Gard Jameson.

All material that is considered fits within the group's Creed of the American Way of Life.

It is comprised of 17 points based on political and economic rights which protect the dignity and freedom of the individual; constitutional government designed to serve the people; and fundamental belief in God.

Public presentation will be made to the editorial's author, Max Goodwin, at a date to be announced later by Freedoms Foundation.

Let Communists Speak -- On Moscow Campuses

Possible legal action against the Grossmont Junior College Board of Trustees for refusing to permit communists to speak on campus is another indication of how far we have allowed the campus silly season to go.

Suit is being threatened by Robert Holden, an instructor at Grossmont Junior College in engineering and technology. He is president of the San Diego Federation of Teachers — a teachers' union.

The threat of suit was made after Rex Hall and Robert Dryden voted down Portia Goode at a regular board meeting. Two other members were not present at the meeting. The vote was to refuse Communists the use of the campus for a sales pitch.

The teachers' union may be supported by the American Civil Liberties Union in a suit — if suit is filed.

Holden charges that the board has shown its total ignor-

SLIPS ON WET ROCKS

Youth Plunges To Death On Peak

Gregg A. Evans, 14, a student at Mt. Miguel High School, plunged to his death on a school archaeological trip Saturday evening, Feb. 15, in Bundy Canyon, south of San Pasqual, near Escondido.

Due to heavy rain and fog, the body of Evans, son of Mr. and Mrs. Floyd Evans of 1511 Folkstone st., Spring Valley, was not brought out of the canyon where it lay, until ear-

ly Sunday morning. Sheriff's deputies said the boy apparently slipped on wet rocks when attempting to jump over some falls at the top of a hill. He then plunged down the sheer side of the cliff.

Bradley Underwood, a teacher at Mt. Miguel High School, was in charge of ten students of archaeology of whom young Evans was one. Underwood and two students work-

ed their way to the bottom of the cliff to locate Evan's body. Underwood used mouth to mouth resuscitation, but it was useless.

When he determined the boy was dead, he and the two students climbed to the top and walked several miles to notify the sheriff's office.

Funeral services for Gregg Evans were held Wednesday at the Lemon Grove Methodist Church. Interment was in La

Drug Abuse Study Figures Released

The San Diego County Department of Public Health yesterday reported that it has completed its first full calendar year of drug abuse education for teen-age school dropouts.

Dr. J. B. Askew, director of public health, said that from October, 1967, through December, 1968, public health educators gave 139 educational programs on drug abuse for 3,285 persons.

Attendance included 1,116 teen-age school dropouts, 1,650 parents living in poverty areas and 519 professional persons working with dropouts.

Dr. Askew said the health department's drug abuse education program was planned in cooperation with City and County schools "so we could reach teen-agers not currently enrolled and unable to participate in the excellent drug abuse education offered in the schools."

He added that public health educators have worked with a wide variety of youth and welfare agencies to find school dropouts "who, without a doubt, are the group at very

highest risk of becoming involved with drug abuse."

DANGERS OF DRUGS

"The goal of our program," Dr. Askew said, "is to help those young people realize the dangers of misusing drugs, so that the drug user will seek medical help, the experimenter will stop, and the non-user won't start."

"In order to teach effectively, it is necessary to know as much as possible about the knowledge levels, attitudes and experiences of the dropouts."

"Our public health educators have developed a simple anonymous test using slips of colored paper by which the school dropouts indicate whether he is a non-user, an experimenter, or a user of drugs."

"To date, only one teenage school dropout has refused to participate."

Dr. Askew said that of 204 individual school dropouts taking the test, 96 or 47 percent were non-users; 92 or 45 percent were drug users; and 16 or 8 percent were experimen-

Distribution Set For 20,000 Families

By JACK POLLARD,
News Editor

Some 17,000 to 20,000 low income families will be receiving about one-third of their food needs without cost starting March 1.

All welfare households will be eligible as well as about 90 per cent of all farm-tenant families to take part in the San Diego County Food Surplus program.

More than \$2.4 million dollars worth of food will be passed out to the needy in the county. The food will come from the U. S. Department of Agriculture at a cost of \$140,000.

In the Heartland area, the El Cajon Valley Emergency Welfare agency at 117 Orange, El Cajon will conduct the program to service Lemon Grove and Spring Valley recipients.

A plea by Major Robert Yardley, chairman of a group of seven public welfare agencies and San Diego's Salvation Army City Commander to obtain adequate freezing units has been sent out to all county residents.

LARGE AMOUNTS OF FOOD
The major said that large amounts of food items requiring refrigeration will be handled in the program. All of the agencies need old refrigerator or freezing units.

He said that persons who want to donate old but serviceable units should contact the Salvation Army by calling Major Yardley at 239-8027.

Large quantities of cheeses, butter, margarine and lard have generated the need for the units.

For a family of four, (mother, father and two children) to qualify, their income must not be over \$285 and liquid assets not over \$1,500.

They must live in San Diego County and have adequate cooking facilities.

In a typical month, the household of four could expect to receive: dry beans, 8 lbs.; corn meal, 10 lbs.; corn grits, 2 lbs.; canned meat, 4 cans; peanut butter, 2 lbs.; margarine, 5 lbs.; dry potatoes, 4 lbs.; raisins/prunes, 3 lbs.; evaporated milk, 8 cans; dry milk, 17 lbs.; split peas, 2 lbs.

Also cheese, 6 lbs.; flour, 20 lbs.; lard, 4 lbs.; rice, 8 lbs.; rolled oats, 6 lbs.; fruit/vegetable juice, 4 cans; egg mix, 2 1/2 lbs.; corn syrup, 4 pints; canned vegetables, four cans; and canned chicken, 2 cans.

Other agencies that will take part in the distribution of the foods include, the Salvation Army; the General Prebyterian Mission, and the Economic Opportunity Center of Imperial Beach.

Also, Methodists Metro-Mission, 6,520 Brooklyn ave., San Diego and the Neighborhood House.

ONCE A MONTH
Distribution of the food will

be made once a month to any family or persons. They need not take the full allotment but will not be allotted to substitute one item for another.

Some families in other county programs have become quite selective according to a spokesman for the county.

He said, "It appears that a family of eight or more might need a pickup truck. It will probably be more food than many have ever had at one time."

The program, sponsored by the Federal government, falls under the food surplus program of the Department of Agriculture. The county will have to pay only for distribution cost of foods.

Students Plan War Memorial

From MARY BONNER

The Monte Vista High School student body has started a program that is expected to raise funds for a war memorial to graduates of the school who have died in action.

Pat Barney, a senior at the school is drawing up final plans for the memorial. Barney said that they hope to have the project completed by May 28, 1969.

Steven Jessup, ASB Commissioner of Finance at the school said that this is the first such project of this type to be initiated by a Grossmont Union High School District student body.

He said that offer of donations have been received from the Parent Teachers Association, in order to help the students, but that the students may not request help.

The statue is expected to have a bronze base. A plaque will have inscriptions of deceased alumni of the school.

Barney said that the ASB is sending letters to all alumni to find out who have deceased as war casualties.

Anyone wishing to volunteer information, is urged to call Steven Jessup at the school or the Monte Vista Administrative office.

More Rain May Cause Damage

East County residents may look forward to a good crop of weeds this Spring — if all it takes is plenty of rain to raise them.

Already far ahead of last year's same date fairly respectable 8.17 inches, the local weatherman had tallied better than 11 inches to date this year.

The most recent storm brought these totals: Thursday, .04 inches; Saturday, .02 inches; Sunday, .10 inches; Tuesday, .52 inches, and Wednesday, at press time, .64 inches with more rain forecast.

The seven day storm had produced 1.33 inches of rain and John Ott, member of the Lemon Grove Fire Department, said more rain would probably produce storm damage because of the saturated condition of the ground.

The season's total by noon Wednesday was 11.08 inches according to Leonard Knight local fire department meteorologist. Rain days end at 4 p.m.

LEMON GROVE SENIORS: Members of the Lemon Grove Senior Citizens organization were honored Monday. The group of club members honored consisted of persons who are celebrating their Golden Wedding Anniversaries. Honored were Mr. and Mrs. D. Clark; Mr. and Mrs. A. T.

Van Marter; Mr. and Mrs. A. W. Heegle; Mr. and Mrs. E. H. Holmes; Mr. and Mrs. W. G. Herster; Mr. and Mrs. S. Sanchez; Mr. and Mrs. Roy Martin and Mr. and Mrs. Otto Ripper.

Casa de Oro Baptist Church Hosts Traveling Teacher, Missionary

By TOMMY THOMAS

The Casa de Oro Baptist Church is preparing for four days of preaching by Dr. Elias den Arend, Bible teacher and Christian Jew, who has been in this area several times in the past.

Dr. Arend's schedule at Casa de Oro Baptist Church is as follows:

Sunday, Feb. 23, at 11 a.m. speaking on "Are We Ready When the Rapture Comes?" At 7 p.m., the same day, he will speak on "Israel's God in Retribution."

Monday, Feb. 24, at 7 p.m., Dr. Arend will speak on "The Messianic Area."

Tuesday, Feb. 25, his subject will be "Are We Nearing the Battle of Armageddon" and services begin at 7 p.m.

Wednesday, Feb. 26, at 7 p.m., Dr. Arend will speak on "The Promises of Our Lord's Return."

Everyone is invited to the services and a nursery will be provided for babies and preschool children.

The question has come up several times regarding Dr. Arend and about his background. A recent well lined released from the Casa de Oro Baptist Church tells about Dr. Arend:

Elias den Arend, born in Holland, and steeped in Judaism from childhood, was brought to a saving knowledge of the Lord Jesus Christ through the kindly offices of Holland Christians.

DUTCH UNDERGROUND
The story of his conversion is a miracle of God's grace which had its beginning in 1940 when he was called to serve in the Dutch Army and came in contact for the first time with Christian chaplains. Five days after entering the war, Holland capitulated.

Dr. den Arend immediately joined the Dutch Underground and took a leading part in selecting and training saboteurs, among them many who had been pastors, elders, deacons and Christian to the group leaders.

Every day they met in different places, often in parsonages and churches.

Fervent prayer to God marked their meetings as the members came together for the planning of their dangerous work, and later, prayers of thanksgiving and praise at its successful accomplishment.

Den Arend folded his hands and prayed with the others.

BWL Dinner Given At Franklin Home

The Business Women's League of Lemon Grove met for dinner Monday at the home of Mrs. Harold Franklin, in San Diego, at which Mrs. Alfred Huebsch was co-hostess.

Telephone reservations were handled by Mmes. Albert L. Weedman and Fred W. Scheneman. Mrs. Emil M. Norman presided at the business meeting following.

Alfred Huebsch is in charge of Lemon Grove Plaza Beautification and maintenance, the League's main objective, with Mrs. Huebsch serving as Plaza Beautification chairman, and Mrs. Peter Chappelle, co-chairman.

Dr. Elias den Arend

The Spirit of God began to work in his heart.

During the awful persecution of the Jews in Holland in 1942, the task of finding hiding places for these unfortunate, providing them with money, clothing, breadcards, papers, was added to the work of sabotage, which became daily more difficult and dangerous.

FORCED TO FLEE

Pursued by the Gestapo, Mr. and Mrs. den Arend and their son were forced to flee, and wandered from place to place over the years.

After narrowly escaping the Gestapo at Eindhoven, they reached Rotterdam and with the aid of a Christian pastor

'Mind' Sermon Sunday At Grove Church
"The Lord God hath given me the tongue of the learned, that I should know how to speak a word in season to him that is weary; he wakeneth morning by morning, he wakeneth mine ear to hear as the learned."

This verse is part of the Bible Lesson-Sermon titled "Mind," and will be read in all Christian Science churches this Sunday. Services at Christian Science Society Lemon Grove, 7741 Pacific ave., will begin at 11 a.m.

One of the selections to be included from the denominational textbook is the following: "Mind is not necessarily dependent upon educational processes."

It possesses of itself all beauty and poetry, and the power of expressing them. Spirit, God, is heard when the senses are silent." Science and Health with Key to the Scriptures by Mary Baker Eddy.

International Student Weekend Set at Church

The United Foothills Methodist Church, Avocado blvd., La Mesa, have set plans for an International Student Weekend at the church, Saturday and Sunday, Feb. 22 and 23.

A family potluck supper will be held in the church on Saturday at 6:30 p.m. with the foreign exchange students as special guests.

found refuge with a faithful family.

Mrs. den Arend had previously accepted the Lord Jesus as her Messiah and Savior and was often able to cheer and encourage her husband.

After many terrifying experiences, the little family reached New York in June, 1947. One day, a week or so after their arrival, Mr. den Arend set out to find employment and happened to pass the Headquarters Building of the American Board of Missions to the Jews on West 72nd st. He entered and upon being questioned, declared his

faith in the Lord Jesus Christ as his Messiah. A period of examination and testing followed, and in due time Mr. den Arend was found qualified to become a missionary on the staff of the Mission and since that time has spent that time preaching in America.

Dr. Arend's description of his experiences as a member of the Dutch Underground is thrilling, and the story of his conversion and his providential finding of the Mission in New York, is a joy and comfort to every believing heart, and an appealing call to those not yet persuaded.

GOLDEN ANNIVERSARY: Mr. and Mrs. Erwin S. Kludt will celebrate their 50th Wedding Anniversary on Sunday when they are honored at a ceremony and celebration at the Spring Valley Gospel Tabernacle starting at 2 p.m. The couple, who live at 3173 Bancroft dr., Spring Valley have two sons, one daughter, eight grandchildren and two great-grandchildren.

Friends Community Church To Show Top Science Film

The Spring Valley Friends Community Church at 7 p.m. on Feb. 23, will show the Moody Institute of Science film "The Prior Claim."

The showing of the film will be open to the public and all are welcome, says Rev. Virgil Simpson, pastor.

"The Prior Claim" is a film, which is one of 13 released under the general heading of "Sermons From Science" and has been acclaimed by scientists and laymen alike, and have received a number of national and international awards. Moody Films were shown at three world's fairs: Seattle, New York and Expo '67.

"The Prior Claim" is a ka-

leidoscope of the well nigh unbelievable in nature, in that it shows plants that eat animals; animals that lasso food with their tongues; spiders that build doors; fish that spit.

Each subject attests to the fact that no matter what man may invent or devise, nature had it first. Each new discovery reveals how thoroughly the hand of God has gone before.

The simple but significant truth leads to the conclusion that God the Creator has prior claim . . . the claim to our obedience, our confidence, and our love.

Skate Tickets Ready

Tickets are now available. Call 224-4176.

Always and Everywhere

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

WHAT'S DOING?

Getting your child acquainted with the telephone could be helpful sometime. Suppose you're out of the house for some reason and your youngster is alone. If something unexpected were to happen, dialing direct is the quickest way to reach emergency numbers like the Police or Fire Department. But this can be difficult for the young. So make sure your child knows how to dial zero, "0," for help. Our Operators are trained for such emergencies.

You know, the telephone installer is a good example of the kind of helpful people we've got working for us. He's more than a specialist at installing telephones, he's also a specialist at helping people. The job he does is an individual one, tailored to your particular needs. He puts his technical know-how to work so you get the kind of telephone service you want, and he's supplied with a real "tool chest on wheels" to help him do it. He's got over 150 supply items in his truck that help him tackle your job—which is never quite like anyone else's.

School teachers have provided us with many a rib-tickling observation by the younger generation. One fifth grade teacher received the following ponderously thought-out comparison in a composition about the telephone: "There are something like 100 million telephones in America today. One hundred million is bigger than the largest known whale."

Employers Report Wage Earnings On Computers

A growing number of employers are reporting wage payments to the California Franchise Tax Board on magnetic tape for direct use by the department's electronic data processing system.

More than 2,520,000 records of wages, dividends and interest income paid in 1968 which must be reported by Feb. 28, will be on magnetic tape this year, according to Martin Huff, Franchise Tax Board executive officer.

All California employers are required to report wages of single employees earning \$1,500 or more and of married employees with earnings of \$3,000 or more.

The program was initiated by the department in 1963 to reduce the volume of paper processing and the department's computers have been programmed to accept 18 different systems as of this date,

Huff said.

Data processing records are being reported for the 1968 taxpayers by 72 employers and financial institutions. An additional 32 have indicated they will supply 557,000 magnetic tape records next year, increasing the number of reports to almost 3,100,000 (m).

The reports are an important element in the department's personal income tax compliance program, Huff said. Wage, dividend and interest payments are checked against California income tax returns filed and persons who apparently have not filed are contacted to determine whether they have a filing requirement.

The program reminds Californians of their filing requirement, and produces an additional \$11 million in personal income tax for California, Huff said.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

How should one answer the telephone in Spanish? Should one say the equivalent to "hello" or is there some other more appropriate word or phrase used?

There are three common words that may be used in answering the telephone in Spanish. They are "Bueno," "Diga," and "Alo." All three of these words are equivalent to the English "Hello." Either one of them may be used in answering the telephone.

A sequence of conversation on the telephone might begin with the person who answers and says "Alo." The person on the other end of the line who made the call might say "Quien habla?" for "Who is speaking?" In our English speaking culture a telephone conversation doesn't normally begin with the initiator of the call asking "Who is speaking?" However, this seems to be the polite way in Spanish.

A response to this first question might be "Habla Carlos." for "Charles speaking." If Charles is well known to the person who answered the phone, a familiar greeting like "Que tal?" for "How are you?" could be used.

When the telephone conversation is completed, the parties might close the conversation with "Hasta pronto, adios." (Until later, goodbye.) or "Hasta manana, adios."

Some conversation that may be heard on the telephone is presented in the practice phrases of today's lesson below. See if you can learn to say them with the record when you dial 276-2762 on your telephone. The voice will say each word separately and pause while you say the same word. Then, the voice will say the complete phrase and pause while you say the same thing. Try it anytime, day or night and see how easy it is.

NEW APRON - A new parking apron was installed in front of "everybody's favorite newspaper" last week as part of the dress-up program for celebrating Lemon Grove's 100th anniversary. As soon as the black-top was laid, leveled and cooled, Helix Ir-

rigation District workmen chopped a hole in it for servicing their meter. The office is at 7834 Lester ave. midway between Imperial and Grove streets. The firm publishes the Lemon Grove Review and the Spring Valley Bulletin.

This newspaper takes pleasure in presenting to our readers this tax column weekly in cooperation with F. S. Schmidt, district director of Internal Revenue for Southern California. We hope that you, not only as a subscriber, but as a taxpayer find this added feature to our newspaper helpful and informative to your needs.

If you plan to list a business deduction for travel and entertainment expenses be sure to have the records to substantiate these expenses, F. S. Schmidt, District Director of Internal Revenue for Southern California, said today.

Estimates of these expenses are not legally acceptable for tax purposes.

Schmidt said in many instances, a taxpayer should keep a diary or timely record as well as receipts and invoices to back up a travel or entertainment expense.

To substantiate entertainment expenses you must establish the amount of each separate expenditure except for miscellaneous items like cabs, phone calls, tips and meals

while traveling away from home, which can be added together for each day. In addition, the date of the expenditure must be confirmed, the name of the person entertained indicated and the type and location of the entertainment described.

Schmidt said the taxpayer's records should also show the reason for the entertainment or the business benefit expected, the nature of the business discussion and the names, titles and business relationships of the persons entertained.

The detailed rules on how to deduct travel and entertainment expenses are given in IRS Publication 463.

For a free copy, send a post card to the District Director of Internal Revenue, Tax Forms P.O. Box 1711 Los Angeles, Calif. 90053.

Monte Vista Coaching Staff Goes Through Major Shake-Up

By SCOTT McGAUGH

Completing part of a major coaching shake-up at Monte Vista High School, Mario Mendez was named recently as the new head track coach.

Mendez replaced Mike Curran who resigned in January to become Health Coordinator at Palomar Junior College in San Marcos.

Mendez first came to Monte Vista in 1966 as assistant football coach and math teacher. He rose to Junior Varsity football coach in 1968 before stepping over into track.

His experience in football dates back to when he was named to the Little All-American football team as a full-back when he played for San Diego State's Aztecs.

After graduating, Mendez was listed as a tight end for the San Diego Chargers but never started. He then gave up football and came to the Monarchy in 1966.

Mendez will be inheriting

a strong track team as well as Dave Carter and Pat Foley, CIF performers in the 2-mile and shot put and discus respectively, should lead the team.

Carter, Tom Lux, Bill Matheny, Len Lusitana, and Ray Santos should be enough in the distance races while Bill Thompson and Bill Worden will go in the spring.

The rest of the league will

be much improved this year as the Monarchs will have to beat both El Cajon and Helix to have a chance for the league championship.

But with a new and capable coach, new stadium, and most of the team coming back, the Monarch cindermen may dethrone the Highlanders and the Braves as track champions.

Blue, Gold Banquet To Honor Grove Cubs

At least 240 persons are expected to attend the annual Blue and Gold potluck dinner to be held by Cub Scout Pack 318 Monday night in Lemon Grove.

The affair, which this year honors the 60th anniversary of Scouting, begins at 6:30 p.m. at the First Congregational Church, 2770 Glebe rd.

Awards to be given include the induction of a new Scout, graduation of another into Boy Scouts and advancement of eight Cubs into Webelos classification.

Gerald Harpenau will become the 62nd Cub joining the Pack while Mark Fowler will receive his Arrow of Light

Award for completion of Webelos work and graduation to Boy Scouts.

The eight Cubs going to Webelos Dens include Raymond Smith, Kevin Rusk, Shawn Hoaglund, Kevin Ladner, John Young, Bob Miller, David Runavaara and Ian Hanson.

Opening flag ceremonies will be presented by Den Chief John Healey while Allen Russell of Den-5 will lead the group in the Cub promise.

The invocation will be given by Dr. Sam Smith.

Following the dinner, Pinewood Race Car kits will be given to each Cub in preparation for competition in the March meeting.

Heart Attacks Keep Grove Fire Department Busy

The Lemon Grove Fire Department crews answered three heart attack calls and two fire calls during the week of Feb. 9-17.

O. H. Harrington, 62, of 1960 Fairhaven was given oxygen and taken to El Cajon Valley Hospital on Feb. 11.

At 3:38 a.m. on Feb. 17, rescue firemen answered a call to 3065 orona. Lincoln A. Sykes,

60, was given oxygen and taken to Grossmont Hospital, but was apparently D.O.A., the report stated.

Firemen answered a fire call on Feb. 12 to 1680 Skyline dr., but no fire was available, only a leaky hot water heater. And on Feb. 14 a car belonging to Lynetta Elliot,

1935 Dartman, Lemon Grove, burned in the amount of \$30 at 7870 Broadway.

Cause of the fire was a short between the battery and the car frame.

Junior Golfers To Be Honored Friday At Stardust Banquet

The county's top junior golfers will be honored tomorrow at the 11th annual San Diego County Junior Golf Association banquet at Stardust Country Club. Dinner will be at 6:30 p.m.

The annual JGA dinner is open to the public.

Mrs. A. S. (Lou) Smith, JGA secretary, said a total of 40 JGA members will receive certificates for their performance in association tournaments during 1968.

Besides the top awards to the boy and girl "golfers of the year", the five leading boys and girls in each of the four age groups — 10 under, 11-12, 13-14 and 15-17 — will also be recognized.

Last year's winners were Bill Osgood and Susan Rapp, both of Chula Vista.

Great Year For Aztecs--Don Coryell

The Lemon Grove Rotary Club heard State College Head Football Coach Don Coryell predict an "even brighter year" for the Aztecs next season.

How it can be brighter is a good question since the team has lost only one game of the last 37 under Coryell's generalship.

Coryell, who is the professor of physical education at State, has topped the title of College Coach of the Year four of the eight years he has served at State.

Following his talk Monday, he showed Rotarians stop-and-reverse sequences of some of last season's thrillers in which his players showed equal ability in the passing game and in the defense.

Coryell gives winning credit to both his coaching staff and the boys who play. Each contributed to the success of the other, he said.

Seventeen outstanding new players have been recruited for next season's fray, Coryell said.

Members said the program was one of the outstanding programs ever presented at the club.

Arvid Johnson, formerly the assistant to State College President Dr. Malcolm Love, was program chairman.

PERFECT RECORD

Monarch Wrestlers Capture 2nd League Championship

By SCOTT MCGAUGH

Monte Vista High School

Monte Vista High School's wrestling squad captured their second Crossmont League championship in three years Friday as they pinned the El Cajon Braves, 33-11, in the season finale.

After losing the first match, the Monarchs retaliated to take nine straight wins with pins coming from Dennis Weikel, Danny Kida, and Larry Millard.

Millard had his greatest season ever as a grappler as he picked up six pins in his last seven matches.

The triumph gave the Monarchs a 7-0 record and first place in the league. Mt. Miguel was second with a 6-1 mark and Helix third with a 5-2 effort.

The Monarchs then faced University High School Saturday and won the non-league battle, 22-19.

In winning by just three points, it was the closest match to a Monarch loss this season.

The Monarchs picked up seven wins with Gary Nutting pinning his man in less than two minutes for the Monarchy.

The team is made up of the following players: John Stelzig, Gary Gilbert, Daniel Kida, Gary Nutting, Jerry Lyer, Ted Fleury, Larry Millard and Bob Skidmore.

Also Dennis Weikel, Jeff Unsicker, Richard Weathers, Dan Thorpe and Bill Payne.

The Crossmont League finals will be held tomorrow at Granite Hills with the finals beginning at 7 p.m. The two top wrestlers in each of the 12 weight divisions will then go to the San Diego semi-finals next week.

Helix Hosts Tough Matador Team In Critical League Clash

By DON KIENER

Helix Basketball Writer

The Helix High basketball team will play host to always tough Mt. Miguel tonight, at 8 p.m., in a game that will determine the owner (or owners) of the Grossmont League crown.

Should the Highlanders defeat the Matadors, they will have sole possession of the title despite the outcome of the Grossmont - El Cajon halftime lead. Santana was never able to surpass the 13-point barrier in either of the two remaining quarters, scoring 11 and 13 points respectively in each.

On Tuesday, Feb. 11, Helix trounced El Cajon, 84-53. They were led by Walton, who scored 24 points while hauling in 34 rebounds, breaking his old Helix record of 33, which he

set against Mt. Miguel. Sophomore Dan Coleman, chipped in 16 and Menser 13 in the well balanced effort.

Regardless of the outcome of tonight's game, Helix will enter the C.I.F. playoffs which begin on Tuesday, with the quarter and semifinals to be held on Wednesday and Friday respectively.

The finale will be held in the San Diego International Sports Arena, prior to the Rocket-Laker game, the following evening.

The Liberty Bell is said to have cracked when it was rung summoning the public for the first reading of the Declaration of Independence, but records show it cracked in 1752 just after it had arrived from England.

Monte Vista Suffers 5th Straight Loss

By SCOTT MCGAUGH

Monte Vista High School's basketball squad lost any chance of snagging a CIF Playoff berth last week by being trimmed by the El Capitan Vaqueros, 60-59, and by being ambushed by the El Cajon Braves, 76-64.

After upsetting Helix and nearly beating Mt. Miguel, the Monarchs have now lost five straight for a 4-8 record.

They will try to improve on that by hosting Tim Doern and the Granite Hills Eagles tonight at 8 p.m. in the season finale.

The Monarchs nearly beat the Vasuceros as with one minute left and trailing by one, Monarch Bill Belander missed a crucial free throw. Then with 10 seconds left, Monarch Ernie Arroyo missed a jump shot and the Vaqueros won.

It was a sweet victory for El Cap as the Varsity's coach, Bob Hoss, was Monte Vista's JV coach last year.

Trying to recover, the Monarchs were then tomahawked by the Braves, 76-64, last Friday.

Monarch Jim Krattli got off to a great start, scoring eight points in the first quarter as the Monarchs trailed 21-16, at the end of the first period.

An excellent Brave zone defense produced 12 Monarch turnovers by the half, and the

Braves pulled out to a 48-30 margin by intermission.

The Monarchs could then score just 10 points in the third period to the Braves' 18 as the Monarchs fell to a 66-40 deficit.

Monte Vista finally broke the Braves defense as the Monarchs tallied 24 points in the final period to the Braves' 10.

Jim Krattli led Monarch scorers for the night with 15 points. Jim Bristol and Dan Heien followed with 11 and 10 respectively.

ing with drugs. In addition to the color tests he said 207 dropouts have taken a questionnaire developed "to give us some indication of the attitudes of these teenagers toward drugs. One of the attitudes found by these tests is that the average teenage dropout thinks it is relatively easy to stop taking drugs and difficult to become 'hooked'."

Dr. Askew said that through the public health education program on drug abuse school dropouts are learning that teenagers can get hooked on barbiturates and amphetamines as well as narcotics.

YELLOW JACKETS

"Barbiturates are the drug the teenagers call yellow jackets, redbirds, red devils, rain bows and blue heavens," he said. "Some experts consider barbiturate addiction more difficult to cure than a narcotic dependency."

"The misuse of amphetamines, which the teenagers call bennies, dexies, pep pills and speed, builds up a psychological dependence which is habit forming and extremely addictive," Dr. Askew said.

The educational sessions by public health educators usually last about one hour. In addition to the barbiturates and amphetamines, information is given on the hazards of misusing narcotics, such as heroin, morphine, codeine and percodan; marijuana; hallucinogens, such as LSD; and the sniffing of volatile chemicals, such as airplane glue and paint thinner.

La Mesa Attorney In Race For College Board Post

La Mesa attorney William C. Faulwetter will be a candidate for election to the Grossmont College Board of Trustees at the April 15 election, he said this week.

Faulwetter said, "I am becoming a candidate for election to the Grossmont College Board of Trustees because of my belief that the strife and disorder presently troubling our campuses is potentially the most serious problem our society may have to face. Society's salvation — indeed its continued existence depends upon education, and it is my hope that I will be able to provide some degree of firmness and stability to the administration of Grossmont College by serving on its board. This is especially necessary now, in view of the substantial changes which will be made, one way or another, in the makeup of the present board."

An Open Letter To Parents Of Children in the La Mesa-Spring Valley School District —Or Where Is Your Conscience?

Any family that has contact with narcotics knows the heartbreak the futility that it brings. As we go down the line, the users who are stopped early bring a little less heartbreak than those who go all the way down to the "hard stuff."

Here is a letter from a family that became involved in the drug futility inadvertently. The youngster was innocent. But pressures resulted, just as certainly as though he had been a user.

This letter gives one more reason why narcotics must go.

Narcotics could be halted if the courts would invoke the law — especially against the pusher.

It is our belief that if a tougher penalty — life were given anyone guilty of pushing narcotics, the problem would dry up overnight.

The editor

On Feb. 7, 1969, my 14 year old son was arrested and charged with selling narcotics to your children — on the unsupported word of a 13-year old Spring Valley Jr. High School student — who has since disappeared.

In the ensuing days, we, his parents, spoke to many of your children. They freely gave information as to all they knew of the pushers in their schools and the suppliers. But a few hours later — you forbade them to speak. You didn't want to be involved!

Well, you and your children are involved. This is your community. This is your school district! It is a public fact that this school district has the largest incidence of dope and other crimes of any district in the United States.

My son has yet to stand trial. I know he is not guilty. This will be proven.

Many of you — whose sons and daughters came forward with information — sell things door to door in this area, others are ministers in local churches, others are simply neighbors.

In the seven years we have lived in this community, we have bought from you, attended your churches, and when any of you needed help and help to us, we always gave freely.

SHUT THEM OUT

Put all of you — once you found out what your sons and daughters were telling me about — you shut them out fast. You told them not to get involved. No matter what. To keep their mouths shut.

Okay, no one can force them to give information. No one can force you to allow them to. But this is your community, your school district, your town, and your neighborhood and above all your church.

and your home.

You live in this situation. Your sons and daughters have knowledge of it all. We can not clean up this community unless some of you are willing to come forward with the information your child or children have.

I want the pushers and the sellers as bad as the police do. I want to clear my son's name. But more than that I want to protect your child and mine from such filth!

My son's name will be cleared with or without your help. But answer this — Can you or your child ever again look yourselves in the mirror? Can you face your God when you go to church next Sunday? Can you face me or my son who sands accused unjustly?

But more than just my son's name is at stake here. Your child's health and well being, perhaps his or her life is at stake. Or perhaps your best friends — or your next door neighbor's child.

Ask your child if they know what a "Red Devil" is, or a high or low, or a Rainbow, a downer, Speed, Acid — where did I get these terms? Your children gave them to me. They also gave me such terms as Yellow Elephant, White Clinical, Purple Dome, Purple Flax and so on ad infinitum.

Yes, I got these terms from your children — so don't try to tell me they aren't involved and they don't know — I am not saying they are users — I am simply saying they know.

I also got the names from the kids of two pushers in the Spring Valley Jr. High School — I got the same two names from a good many different kids — All dear little innocent uninvolved children.

Where is your conscience? Mr. and Mrs. Richard T. Fellis 10458 Fairhill drive Spring Valley, Calif.

Many kinds of parasitic animals live by attaching themselves to other animals and plants.

THE DIMMER VIEW (Cont.)

ance of the meaning of its oath to support the Constitution of the United States.

Poppycock!

Let's get this thing in focus.

We're getting tired of instructors attempting to brow-beat board members who do not agree with them. If the board can be accused of anything wrong it is their timidity in not kicking off the campus those who espouse causes inimical to the best interests of the United States — and inimical to the best interests of the unorganized public.

A vast majority of school supporters prefer not to have communists on campus. Why the teachers organization does is not readily clear. Academic freedom? Nonsense!

Students learn about typhoid, and insanity, and incest without actually experiencing these conditions or without spending time listening to proponents.

Knowledge of communism can be gotten from unemotional professors teaching from factual information obtained in the library or from those who have had contact with communism. What we need least is to invite salesmen for communism to peddle their ware — at least not in our tax paid institutions.

To accept communism peddlers on our campuses is to deny the heroism and patriotism of valiant young people who have died in Vietnam and Korea.

Is the threat of communism real?

Red China and Soviet Russia, each flag bearers of its own type of communism, are only apart in the how to enforce world communism. But for the cause of communism they stand staunchly together. Whenever the issue is the defeat of the United States, they join together with all of their resources.

The two communists powerhouses have spent billions of dollars supplying munitions to the North Vietnamese government, thus making possible the continuance of the war.

Only a few months ago an agreement was signed in Moscow by the deputy premier of the Soviet Union and the deputy premier of the Hanoi government whereby more than a billion dollars' worth of planes, missiles, armament and other material is to be furnished in the next 12 months free of charge to North Vietnam. We are, therefore, in a "state of war" with the Soviet government, but we haven't officially recognized the fact. (David Lawrence - December 1967 issue Readers Digest "The Road to World War III").

Instead of agitating for communists coming to Grossmont campus, why do not these same teachers use their effort to inculcate patriotism? A few minutes a week devoted to explaining why we should show appreciation to those serving in Vietnam would be useful. Another few minutes spent in reverent thought of the sacrifice being made by the parents, spouses and children of men serving their country would be more in the line with the communist problems the populace faces. A few minutes a week could be spent in reminding communist-sponsoring groups that their activity is in opposition to the will of the people who are the real owners of the colleges — the thousands of home-owners of the Grossmont district. And let us also take a few minutes each week for contemplation of the fact that the forces of communism are embattled with the idea of freedom for the purpose of providing the world with communist control.

And finally, let us take a few minutes each week reminding college students how wonderful it is to live in a free society — the fact that proponents of the communist speakers are not exiled is the best case in point.

But let us not get carried away by the specious argument of loss of academic freedom. The academic community has more freedom than ever before known to mankind.

It might also be useful to spend a few minutes with the idea that supporters of the educational profession — the guys who pay the bills — might want a little more freedom. Freedom from having communist salespeople on the campuses they are paying for.

In such a light let us give a resounding hurrah for Messrs. Dryden and Hall.
